

ASC Committee Elected Monday

Elections of farmer committee-men for the Agricultural Stabilization and Conservation program for 1956 were completed Monday during a county convention.

They were elected by the chairman of the seven community committees of the county—who had previously been elected by mail vote.

Chairman of the county committee is Roger B. Gist. Others elected were Charles B. Erwin, vice-chairman, Joe B. Anthony, member, James F. Bruner, first alternate and John S. Plank, second alternate.

The term of office for the new committeemen begins Sept. 1, and they are elected for one year.

Each community elects a committee of three with two alternates. Those who will represent the individual communities for the coming year are:

Canyon—Bradley A. Burrus, Roger C. Dugan, Edd Reynolds, Leonard W. Boehning and Lewis Tucek.

Sunny Hill-Fairview—Elmer W. Miller, Everett F. Culp, Ben C. Boston, Henry H. Shipman and Charles G. Knox.

Jowell—Eugene S. Bonds, Homer M. Kinsey, Otto H. Rahlfs Jr., Simon G. Elliott and Tom C. Gooch.

Umbarger—Wilhelm Bauer, John L. Wiek, Anton Hollenstein, Carl B. Hartman Jr. and Richard E. Friemel.

Highland—John S. Plank, Donald M. Olson, Edward E. Sharp, Laban T. Campbell and Leroy M. Lamb.

Trigg-Zita—James F. Gruner, Wayland C. Angel, Ralph E. Ruthart, Tom G. Lair and Wilson E. Campbell.

Park Stone—Kenneth F. Erwin, James I. Fletcher, Willie S. Bennett, Floyd J. Thomas and Joe E. Turpin.

Second Salk Shots Due in 10 Days

Children who have had a first Salk polio vaccine shot and missed the second shots during the summer should get them in the next week to 10 days, county health officer Dr. R. P. Jarrett announced this week.

Those parents who want their children to have the second shot should contact their family physician, he said. There is no charge for the inoculation.

Dr. Jarrett said he must send the unused serum back to the state health department in the near future, and all children who need the second shot should arrange for it soon.

96-Quart-a-Day Cow To Be Seen During County Dairy Tour Tuesday

Have you ever seen a cow that produces more than 100 pounds of milk a day—more than 96 quarts?

You will have your chance next Tuesday during the county Dairy Tour.

Holstein No. 56 in the Louis Henders herd produced 3,120 pounds of milk in July, the highest average recorded during the four years of the Randall County Dairy Herd Improvement Association.

Hinders' herd was also the top in the county during July with an average production of 1,310 pounds. His farm will be visited during the afternoon of the tour.

The tour begins Tuesday morning with a visit to the Richmond Hales farm. A series of judging contests will begin there and will be carried on throughout the day.

The winner of the judging contest will be given a heifer calf by Hinders.

The second farm on the schedule is the Neil Downing place. Downing's herd was second in the area last month with an average production of 1,140 pounds. Last year, his herd was the best in the state.

The afternoon's schedule calls for a visit to the Hinders' place. The judging will be finished there, and the calf will be presented.

Following the end of the tour, the Canyon Chamber of Commerce will give a watermelon

For the First Time

First Graders Say, 'Good Morning Teacher'

If it were still a common practice for school youngsters to stand up and say, "Good morning, teacher," 99 first graders would have done it the first time this morning.

That number registered for the first grade yesterday at the new elementary school. Classes started for the boys and girls today. Divided, there are 46 girls and 53 boys attending public schools for the first time.

The new pupils are: Robert William Todd, Donna Lee Marcom, David Foster Rossi, Scheli Gale Byrnes, Eugene Simpson Bonds, Eddy Vernon Clemmons, Kathryn Ann Lindsey, Jani Lee Collins, Kathryn Jane Upshaw, Iva Lynn Watson, Martha Elizabeth

Hughes, Mary Dean Angel, Rebecca Jane Wright, Donna Ruth Erdman, Karen Sue Thompson, Barbara Jean Woffington, Sharon Ruth Allen, Richard Norbert Gardner, Raymond Fred Irlbeck, John Harold Dawson, Charles Richard Widick, Tommy Clay Thompson, Shawn Stephen Slingerland, Ronnie Dale Fleming, Billy Ray Anthony and Gary Warner Wooten.

Robert Lee Koenig, R. C. Cooper, Conway Chris Kuykendall, Edward Neil Prichard, Donald Mark Olson, Michael Clinton Hamner, James Edward Bennett, Edwin Lynn Kelley, Joe Duff Stephens, Todd Wiebert Cone, Jack A. Stephens, Michael Leon Cole, Nelda Jean Freeman, Katherine Ann Tram-

Dorm Director Goes to Trinity

Mrs. Nancy McCaslin, who retired in 1954 after more than 18 years as director of Randall Hall for women at West Texas State College, will become assistant counselor for women in McFarland Dormitory at Trinity University this fall.

Mrs. McCaslin moved to Canyon from Boulder, Colo., about 30 years ago, following the death of her husband, Herbert D. McCaslin, who was a professor at the University of Colorado.

She became director of Randall in 1936 while it still operated as a cooperative house for girls.

Now 71, Mrs. McCaslin saw her three daughters graduate from WT. They are Mrs. Jack Gililand, Hereford; Mrs. A. D. Morrow, China Spring; and Mrs. James Burran, Jr., Clovis, N. M.

Since becoming director of Randall in 1936, Mrs. McCaslin was "house mother" to about 3,300 girls who have lived in "Old Randall," now razed for a new addition, and "New Randall" which was completed in 1946.

Mrs. McCaslin will assist Mrs. O. J. Laas, a WT graduate, who is head counselor for the Trinity dormitory for women. She leaves for San Antonio this week.

Spirit's Willing, Mower's Too Big

Practically everyone wanted to help during the cleanup last week of Dreamland Cemetery. Lon Ed Conner, 4, son of Mr. and Mrs. Eddie Conner and grandson of Mr. and Mrs. Lonnie Byars, tried to help his grandfather by pushing a lawn mower. Mrs. Byars is president of the Randall County Cemetery Association.

Four Injured in Road Collision During Monday Night Duster

Four persons were injured in a two-car collision during a blinding dust storm Monday night northeast of Canyon.

In Neblett Hospital are Charles B. Erwin, 59, suffering with a possible head injury. He spent a "fair" night Tuesday.

Mrs. Erwin, 56, suffering with a cracked pelvis. She was considered in "fairly good" condition this morning.

Donna Erwin, 23, suffering from a broken right leg. She also was considered in "fairly good" condition this morning.

Arthur A. Kollaer, 55, of Route 4, Amarillo, suffered a cut on his head. He was released from the hospital Tuesday morning.

Investigating officers said the collision occurred 6.5 miles south and five miles east of Amarillo at 8:45 p. m.

They said Kollaer was driving a pickup truck east on the country road and stopped because of the dust storm which obscured vision.

Miss Erwin, driving her father's car, was also going east and collided with the rear of the pickup truck.

The officers said the dust apparently blinded Miss Erwin.

Following the collision, Kollaer was knocked out for a few minutes, then walked to the nearest farmhouse to summon aid, the officers said.

Mr. and Mrs. Erwin and their

daughter had been visiting with the Erwin's son, Kenneth Erwin, and were headed home.

The injured were brought to Neblett Hospital by Griggs-Warren ambulance.

Kollaer is employed by Art Bralley of Amarillo, officers said.

Erwin is a long-time Randall County farmer. Miss Erwin, a graduate of Canyon High School and West Texas State College, planned to teach this fall in the Dimmitt Schools. She sang with Ralph Flanagan band over the midwestern and eastern states for several months earlier this year.

Officers said Kollaer was charged with parking on a public road.

Umbarger Youth Drowned Tuesday While Swimming in Buffalo Lake

Robert Higgins, 12, son of Mr. and Mrs. Gayle Higgins, who live northwest of Umbarger, was drowned while swimming at Buffalo Lake Tuesday morning.

Equalization Begins Friday

The Randall County Commissioners Court will begin sitting as a board of equalization Friday morning.

The commissioners will continue to sit for several days, until all those whose property valuations have been raised have had a chance to appear. There have been an estimated 7,000 valuation raises.

Postal cards advising of the raises and setting a date for a hearing have been mailed to property owners affected.

The court set a tax rate of \$1.20 per hundred dollars of assessed valuation at a recent meeting. The assessment is set at 20 per cent of valuation.

Swimming Pool Will Stay Open

The swimming pool will remain open until cooler weather gets here, city secretary Dudley Bayne announced this week.

Hours for pool operation will be from 3:30 p. m. to 9:30 p. m. on weekdays and Saturday and 1:30 to 6 p. m. on Sunday, he said.

Bayne said the pool will stay open as long as people continue to use it.

Billie Graham Crowned Queen

Billie Graham was crowned Randall County Farm Bureau Queen in ceremonies Saturday night at the high school auditorium.

The daughter of Mr. and Mrs. Walter Graham of Jowell, she was awarded a \$25 cash prize during the festivities.

In second place was LaQuita Patterson, daughter of Mr. and Mrs. John Patterson of Fairview, and in third place was Annette Dugan, daughter of Mr. and Mrs. Clem Dugan, who live east of Canyon.

They were awarded prizes of \$15 and \$10 respectively.

Miss Graham will compete in the district contest scheduled in Amarillo Sept. 13. The Amarillo contest will be televised for one hour beginning at 5:30 p. m. on KGNC-TV.

In the county contest here, W. T. Robinson crowned the queen and introduced the judges and visitors. The judges were Jimmy Lyon of Bushland, Mrs. Redus Wells of Tulia and Virgil Dodson of Happy.

Red Muse of KGNC acted as master of ceremonies. During the program, 4-H club girls modeled their dresses and Alby Kuehler was commentator for the style show.

The Farm Bureau acknowledged the aid of S. B. Orton and Mrs. Levi Cole for flowers and H. R.'s Greenhouse and Music Studio for stage settings.

The social hour following the contest was provided by Home Demonstration Club women of the county.

Stores To Close For Labor Day

Most of the retail businesses in Canyon will be closed next Monday in observance of Labor Day, Roland Black, chamber of commerce manager, announced Tuesday.

Advertisers are requested to prepare their copy as soon as possible so the Canyon News can close for the holiday. Those with news stories are also asked to turn them in before Saturday afternoon if possible.

Visiting Mr. and Mrs. D. V. Shelnutt and other friends Saturday were Mr. and Mrs. George Patterson and son, William, from Las Alamos, N. M.

On an outing before coming to Canyon to register for school, young Higgins and Wendell Wilson, 12, of Hereford, were swimming in the old swimming area of the lake just back of the office building.

Robert apparently stepped off an underwater ledge. The Wilson youth grabbed Robert and tried to save him, but had to let go after being pulled under water several times. The drowning occurred about 50 yards offshore.

The two boys were on the outing with Mr. and Mrs. Clyde Marsh of Amarillo and Robert's grandmother, Mrs. Ky Higgins, who also lives northwest of Umbarger.

The drowning occurred about 9:30 a. m. The body was recovered about 10:45 a. m. by Gene Haynes of Tulia and other men, including the boy's father.

Randall County Sheriff L. S. Johnston said there were half a dozen rescue boats working. In addition, the fire departments of Canyon and Amarillo sent emergency units.

A group of skin divers from Amarillo was called for aid, but the body was found before they arrived in force.

Justice of the Peace Carl Anderson returned a verdict of death by accidental drowning after resuscitation efforts by Griggs-Warren Funeral Home and the fire departments failed.

The boy was pronounced dead by a Hereford doctor who is a relative of the Higgins.

Sheriff Johnston expressed his appreciation for those who assisted in the rescue operation.

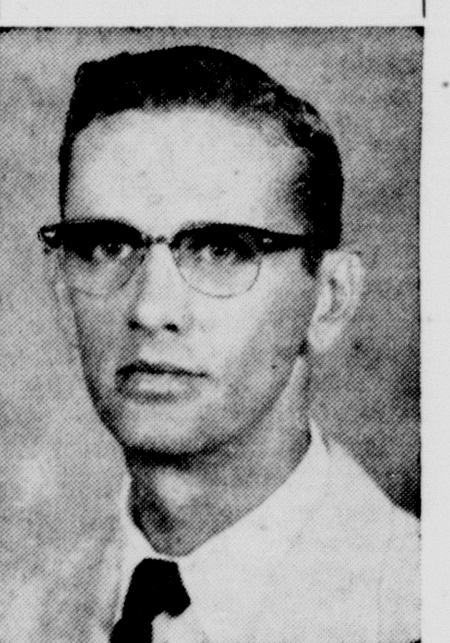

County Has Second Case in Polio Clinic

The second polio patient in Randall County during 1955 was sent to the polio clinic in Plainview about two weeks ago, according to Dr. R. P. Jarrett, county health officer.

The patient is a 13-year-old girl who lives near Happy.

A third patient was sent to the clinic recently, but returned home when it was discovered she did not have polio.

THE REV. DAVIS HARRALL

Calvary Baptist Announces Pastor

The Rev. Davis Harrall assumed pastorate of the Calvary Baptist Church recently, according to an announcement by the church this week.

The new pastor, who came here from Tyrone, Okla., was graduated from Wayland College. He was pastor of a church in Tyrone for the past two years, and had preached in three other cities, including Granite, Okla.

The Rev. Harrall is a native of East Texas.

He and his wife and three-day-old son live at 1207 Fourth Avenue.

The church is studying plans for a new educational building addition.

Mr. and Mrs. Millard Word of Ashtola were in Canyon on business for a few hours on Thursday.

50 Gridders To Report for Opening of WT Football Drills

With the best season in five years in prospect, West Texas State College opened football drills Thursday.

More than 50 gridders, including 36 holdovers from the 1954 squad, were on hand and will continue working out twice daily until the start of school.

The Herd's first game is scheduled for Saturday, Sept. 17, against Corpus Christi University at Canyon.

Coach Frank Kimbrough, in his ninth season as Buffalo foreman, said the West Texas eleven will be passing more than ever before. He believes he has one of the

finest throwers in the country in quarterback Bubba Hillman.

Hillman, 180-pound Borger junior, has been a regular as a freshman and sophomore but Coach Kimbrough thinks his work in practice last spring was the most impressive to date.

The West Texas marksman will have several outstanding ends to catch his strikes. Last year's starters, Bob Covington of Borger and Dub Cleveland of Friona, are back.

Kenneth Ballard, 182-pound sophomore from Stinnett, is expected to be a strong contender for a regular position. Another outstanding end, Loyd Reynolds of Borger, was due back but injured a shoulder in a rodeo fall and will lay out of school this term.

Coach Kimbrough has a flock of running backs to call on. Right now the leading candidate for left half appears to be Joe Walden, 175-pound Littlefield senior and possibly the shiftest ball-carrier on the squad.

Across from him is expected to be Dale Wiley, speedy 165-pound right halfback from Phillips, and at fullback will be the team captain Delmer Tuggle. The 170-pound Panhandle senior was the club's leading rusher last year despite the fact he missed several games because of an injury.

Ready replacements in the backfield are available in Ron Mills, White Deer sophomore, and Jack York, Shamrock second-year man quarterback; Mark Clapp, Borger sophomore, and Don Beck, Canyon sophomore, at left half; Archie Souter, Olton 195-pounder, at right half, and R. L. Rhoden, 200-pound Littlefield fullback.

At tackle, where the Buffs lacked depth last season, James Kauffman, 200-pound Levelland sophomore, and Phillip Wright, 235-pound Borger junior, seems to have the inside track.

Harold Lamb, 200-pound Borger bruiser, and Jimmy Clark, 190-pound Lubbock boy, are not far

behind.

Coach Kimbrough, who again will have the services of assistants Clark Jarnagin, Hatcher Brown and Borden Price on his coaching staff, appears to be in good shape at the guard posts.

Sophomore Harold Gouge, 215-pound Borger speedster who was impressive in spring drills, and juniors Joe Brooks and Jack Vantrease will vie for the starting berths.

The center post will be in capable hands. Tommy Powell, the pride of Munday, made the all-Border Conference second team as a freshman and has been getting better with each game. He will

be a junior next year and may develop into the best center in the conference.

Behind him are Douglas Higgins, 190-pound Springlake junior, and Clarence Whittenburg, 185-pound Wheeler sophomore.

The Buffaloes, who won only one while losing eight last year, again have a nine-game card. The only change on the schedule will have Corpus Christi University replacing Trinity.

Coach Kimbrough figures Texas Tech, last year's conference king, should repeat again in 1955. His next choices are the University of Arizona and Texas Western, two schools who frankly admit they

have their best material in many seasons. West Texas, Hardin-Simmons, Arizona State and New Mexico A&M should wage a bitter fight for the next four positions.

The West Texas schedule:

Sept. 17—Corpus Christi, H

24—McMurry, H

Oct. 1—Midwestern, H

8—Arizona, T

15—N. M. A&M, T

22—Hardin-Simmons, H*

29—Texas Tech, T

Nov. 5—Arizona State, T

19—Texas Western, T

*Homecoming (all are night games)

It's amazing how much can be done when an entire community gets busy on the same project at the same time. Last Friday afternoon, dozens turned out for a general cleanup of Dreamland Cemetery, and it was a mighty different place by dark.

The cleanup day was sponsored by the chamber of commerce, and the idea for it grew from one of the informal coffee sessions held every other Tuesday at the American Legion Hall.

County Commissioner Pat Baber sent county trucks to haul off the weeds and grass chopped by the workers. The day before he sent his right-of-way mower out to cut the grass in the undeveloped section of the cemetery.

Entire families worked on their own plots, then moved to other plots. Others worked around the fence and up and down the roads. Such unselfish giving of time and work can do wonders in a short time.

Other much-needed things could be done if the citizens of Canyon would get behind them.

If more could, or would, attend the Tuesday coffee sessions, other projects can be discussed and the proper action taken on them.

Say, for instance, paving in Canyon.

Tucumcari, N. M., has decided to pave every street in town, and the city commission there has ordered the city engineer to prepare for a mammoth project.

The resolution calls for paving approximately 125 blocks, including some downtown alleys.

The Canyon commission has a long-range plan of paving some 80 blocks, many of which are to be on streets connecting the paved avenues. That's all in the future, however.

And, for instance, getting behind the Randall County Cemetery Association, and helping them with Dreamland Cemetery when they decide what to do about it.

The study committee, appointed by Mrs. Lonnie Byars, association president, had its first meeting Thursday night and began its look into the various proposals for operation of the cemetery.

The members, Dr. J. A. Hill, Burney Slack and E. M. (Mutt) Myers, plan another meeting sometime next week.

They asked chamber of commerce manager Roland Black to prepare a list of space owners in the cemetery and to try to find how many spaces remain unsold.

That is going to be quite a job, however. Early day records are incomplete, and Bernard Warren, who has the book of owners, says it's impossible in many cases to discover just who has been buried in some spaces. And, in other cases, he says it's impossible to find the owners of various spaces—especially those purchased 20 or 30 years ago.

The deeds to lots in the cemetery are recorded in three books in the county clerk's office, but the books also show deeds to lots in Llano Cemetery in Amarillo and Memory Gardens. Black said he's going to need help in compiling the records, and he'd be glad to get a volunteer or three.

The committee members plan to ask help from county officials, lawyers and citizens in their study. The present plan is for them to investigate the proposals and make a report to a meeting of the cemetery association.

The meeting will come in the next three or four weeks, and when it is held, every family in Canyon should be represented.

Next year is the big year in politics. Already, possible candidates for election are testing the air.

Meade Griffin, associate justice on the state supreme court, was in Canyon last week doing a bit of politicking. He wasn't actually campaigning, but was just visiting around making friends.

The creation of four new voting precincts has made a new political situation in Randall County.

As you remember, during the last Democratic County Convention, there were two delegations attending from Amarillo—although there was only one precinct, and it ended with neither delegation being seated.

At the next county convention, there will be four delegations from Amarillo and one more from Canyon.

If there are any issues as hot as the Shivers-Yarborough fight was, the county convention will be an interesting process to watch. And it looks like there will be a hot issue—maybe the same one.

When National Chairman Paul Butler was visiting in Lubbock early this summer Ralph Yarborough told an Amarillo newspaperman he thought he could beat Shivers if an election were held then. He didn't say if he will run next year, but he acted as if he might.

Gov. Shivers hasn't announced his plans, either, and it can be presumed he won't run again since it would be his fourth term. But, on the other hand, it can be presumed he will run again because he wants the fourth term.

If he doesn't run again, you may be sure he will propose and back a handpicked candidate in his place. And there's the Shivers-Yarborough fight all over again.

Thirty-six years ago, a good half of the population of the nation wasn't allowed to vote in national elections. Last Friday was the 35th anniversary of the granting of women's suffrage.

When we were considerably younger, we thought that term—women's suffrage—meant that women had fallen out of a tree or something and were suffering from skinned places and bruises.

Since women have been allowed to vote, government hasn't been any cleaner, but at least women are finally beginning to have a voice in administration.

President Truman sent Perle Mesta to Europe as an ambassador. Ivy Baker Priest was his appointment as Treasurer of the United States.

President Eisenhower appointed Oveta Culp Hobby as a full-fledged cabinet member.

Which all goes to show that maybe women, individually, might have been better off if our boyhood idea were true.

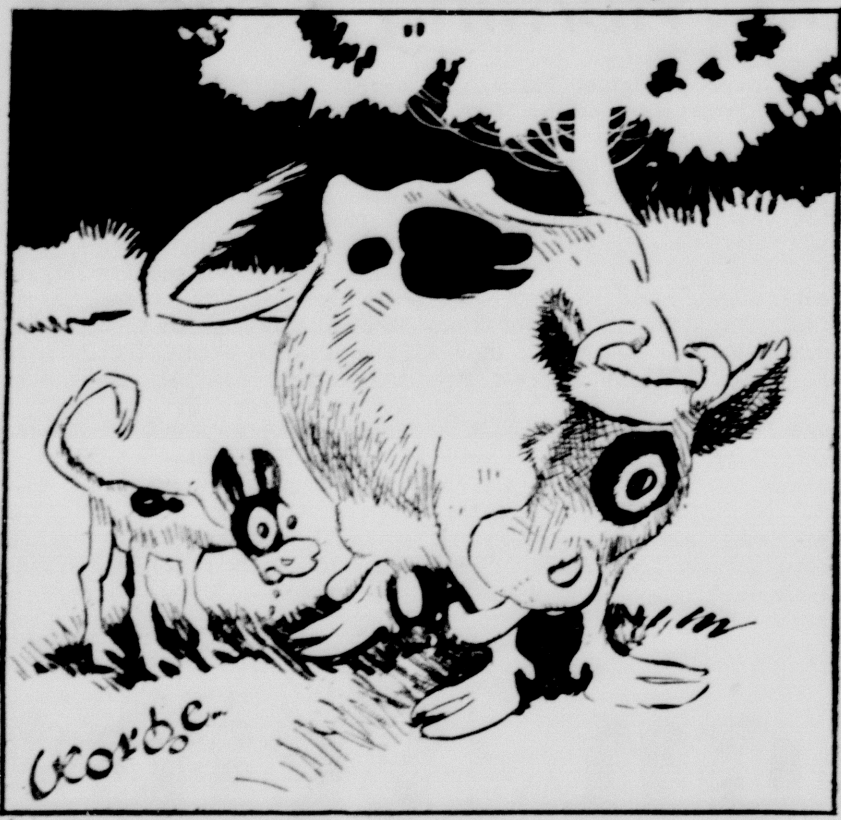

One day last week, the Amarillo Globe-Times quoted an editorial from The Canyon News—the one listing the advantages of living in Canyon.

The writer of the Amarillo editorial said she was convinced and was ready to call the movers to get her things. But, she decided that Canyon would be much worse off if she did move here and she might as well stay in Amarillo.

Since we know the Amarillo writer, we know that's a bunch of malarkey, so—welcome to Canyon whenever you want to move, Louise Evans. We'd be proud to have you here.

Bangs Serum Ages Changed

Recent changes in the regulations affecting vaccination of cattle for Bangs disease have been announced by veterinarian Dr. J. L. Markham.

The changes were made by a proclamation from the governor to the state Livestock Sanitary Commission.

Dairy calves must be vaccinated when they are four to eight months old instead of six to 10 months previously required.

Beef calves must be vaccinated when they are four to 12 months old.

Retest may be accomplished within 15 days instead of the 48-hour period now required.

Canyon Balloon Goes To California Home

A balloon released by the West Texas Motor Co. showed up a week or so ago in Glendale, Calif.

The company received a letter from a woman there asking if any balloons had been released. It read:

Dear Sir: Why should a pale blue balloon with the printing on one side of it "West Texas Motor Co. Phone 5-2106 Canyon, Texas" and on the other side the Ford emblem with "New Thunderbird V8 Power" come directly to my back patio door, being blown along the ground by a gentle breeze?

Our home faces on a busy state highway—No. 2 to be exact—but why should it come from the back part of the yard when we have a six foot fence around three sides of our place unless it came from the air.

Did you liberate some of these for some reason?

AND KEEP THE WALLET

Abe was at a dance and lost a wallet containing \$600. He got up on a chair and announced:

"Gentlemen, I lost my pocket-book with \$500 in it. To the man who finds it, I will give \$50."

Voice from the Rear — "I'll give \$75."

System of Boards Needs Changing Says Attorney General Shepperd

By JOHN BEN SHEPPERD
Texas Attorney General

(Editor's Note: This is the first of a series of four articles written by Texas' Attorney General on the problem of the present State board system in Texas. Other articles will follow in later issues.)

One of the most vexing problems of modern Texas government is the present system of state boards.

These boards are like the story of Topsy, who just grewed and grewed. At the present time some state officials serve on so many boards that proper administration is almost impossible.

This problem is so important to the citizens and taxpayers of this State that I have done a great deal of research to determine possible answers to it.

You might say that I am one who speaks from bitter experience, for as your Attorney General I have served on 25 of these boards, and I have had a first-hand view of the inefficiency of the system.

Those men who will be elected Attorney General in the future should not be harassed and hamstrung with this impossible number of sideline duties.

When the State Constitution was written in 1875, a state official was not busy by today's standards. He could take care of his duties, attend a couple of board meetings a week, and still have ample time to go fishing on the Colorado. So the Legislature put the State's constitutional officers on various boards as "ex-officio" members.

One of the most important reasons for making the state officials members of Boards was the fact that they lived in Austin. In those days of slow transportation a man could not leave his farm or his store for weeks and travel down here to serve on a board.

The only railroad coming into Austin was from Hempstead, 50 miles north of Houston. Almost all of the 1,566 miles of track in the state were running north and south in East Texas. In order to get to Brownsville, you had to take the stage from Waco to Comanche, and go on by hack. Or you could go by horse in 10 days from Austin and save the \$10.00 stage fare.

The men who traveled to the Constitutional convention traveled an average of 336 miles, round trip, mostly by horse. The trip from El Paso, Texarkana, or Amarillo, on horseback took from one to two weeks.

Now a citizen can fly from his home town, attend a board meeting, and be back home for supper. In 1875 Austin had telegraph communication only with New Orleans and Galveston, and not a permanent newspaper correspondent in town. Now we have 40 correspondents in the capital to cover all the activities of state government and almost instant communication with any part of the United States.

We don't have to look any further to see why the Legislature started putting these same officials on boards. They have continued to use them to man new boards through the years, thus avoiding possible criticism for adding new "bureaucrats" to the payroll.

During the past 50 years the rate of addition of these extra board duties has speeded up to twice what it was in the 54 years from 1875 to 1930. The seven constitutional officers—Governor, Lieutenant Governor, Attorney General, Secretary of State, Comptroller, Treasurer, and Land Commissioner—are now required by law to fill 38 seats on 27 separate boards and commissions of the state government, not including about two dozen inactive boards that still exist in theory.

The Governor serves on nine boards; the Land Commissioner, eight; the Comptroller, seven; State Treasurer, five; and the Lieutenant Governor, four.

The Attorney General carries the heaviest load. He serves on 24 boards, many of which are active enough to require considerable time. He often feels the need of 24 hands and two dozen eyes to keep up with them. He was placed on most of them for no better reason than to provide the boards with handy legal advice, which is fundamentally a bad idea.

Board membership places the Attorney General in the unseemly position of a man witnessing his own contract. He is often called upon for an official opinion on the legality of a policy which he as a board member helped to establish.

Other states have recognized this conflict and refused to place their Attorney General in such a dual role. In fact, in recent years almost all the states have shown a tendency to stop placing their legal officer on state boards. Texas is unmatched in the number of ex-officio responsibilities placed on the Attorney General. He has more than any other state, six times as many as the average.

177 boards and commissions of Texas government determine state policies and secure the Attorney General's legal opinions (which are purely advisory) without his presence on the board,

so his service as an ex-officio board member hardly seems necessary and is in most cases unwise.

The primary duties of constitutional officers have been so expanded with the development of state government through the years that none of them have the time which should be devoted to State Boards.

The constitutional and statutory duties of the Attorney General, outside of board membership, fill hundreds of pages in the law books. He is charged with the approval of all bonds issued by the state or any lesser unit of government and these have run to over 375 million already this year. He must examine the characters of the thousands of corporations in the State and inquire into anti-trust violations.

He must advise the Governor and all other state officials, agencies, boards or commissions on their legal problems. With 2,000 lawsuits a year to prosecute or defend in the state or federal courts and the preparation of over 1500 opinions a year, his job can hardly be called part-time employment.

All of the constitutional officers make a giant effort to squeeze attendance at 38 boards into their busy schedules. But this is defeating the real purpose of having a board. Boards should be composed of men able to give time, calm consideration and expert advice to the administrators of the program.

Show me the man who can qualify as an expert in banking, investment, taxes, leasing, elections and vote frauds, retirement programs, rehabilitation of the blind, cancer and pellagra control, county financing and taxation, interstate cooperation, land purchasing for game conservation, collection of unpaid judgments, legislative redistricting, election law revision, and building construction, and I will show you a man who will have not only 24 eyes, but 13 heads.

Public confidence in officials is based in the final analysis on their efficient and honest service.

However you can't produce good government by weighting down your public servants. The only man who does his job better with lead weights on his feet is a deep sea diver.

(Another article on this subject will appear soon.)

Club Entertained In Home of Weeks

The Canyon Mother-in-Law Club was entertained in the home of Mr. and Mrs. Ed Weeks Thursday evening. Honored were Mr. and Mrs. E. C. Haws.

G. W. Cox took moving pictures of the group on the Week's lawn and immediately following, Mrs. Weeks showed the guests through their new home.

Furnishing the music was the Kafir Corn Band of Canyon composed of T. S. Furlow of Tulia, and E. C. Haws, Bud Rusk, Wayne Griffin, Mr. and Mrs. Arlie Green, and Mr. and Mrs. Johnny Mann of Canyon. A number of sacred songs were also sung.

Refreshments of tea, coffee, pie and Cokes were served. Attending the meeting were Mr. and Mrs. G. W. Cox, Mrs. I. W. Wester, Mr. and Mrs. R. D. Oldham, R. E. Foster, Mrs. Myrtle McLaughlin and Mr. and Mrs. T. S. Furlow of Tulia.

Tommie Burgess, Mr. and Mrs. Gentry, Mr. and Mrs. G. B. Combs, Mr. and Mrs. C. W. Dunn, Mr. and Mrs. I. M. Steen, Mrs. C. H. Stratton, Mrs. Mary Burtz, Mrs. Addie Heffner, Mr. and Mrs. T. V. Slack, Mrs. T. T. Fain, Mrs. H. C. Hudson, Mrs. R. M. Walters, Mr. and Mrs. E. C. Penick, Mr. and Mrs. Arlie Green, Mr. and Mrs. E. C. Haws, Wayne Griffin, Mr. and Mrs. Johnny Mann, Bud Rusk, Mrs. W. G. Rose, Mr. and Mrs. E. Gidden, and Mr. and Mrs. Ed Weeks.

Mrs. Foster To Serve On Steering Group

Mrs. Lee Foster has been appointed to serve on the steering committee of the Texas Conference on Education from the 31st Senatorial District. She is one of eight appointed to the office and one of two women so honored.

Holiday on Ice Scene

Some of the 125 Glamour Icers and Ice Squires are shown as nymphs, butterflies and satyrs with deep shadings of black light transforming the stage into a woodland, one of the scenes of Holiday on Ice, the revue to be seen at the Amarillo Tri-State Fair Sept. 19 to 24. There will be eight performances at the fair, including Friday and Saturday matinees.

T. E. L. Class Holds Meeting Monday

The T. E. L. class of the First Baptist Church met Monday, Aug. 29, in the home of Mrs. G. B. Heath with the president, Mrs. Henry Cone, presiding.

The meeting was opened with prayer and a brief business session.

Mrs. E. D. Harrell, an invited guest, entertained the group by telling of her recent trip to Old Mexico. She described the churches and other subjects of interest.

Dainty refreshments were served by the hostesses, Mrs. Mae Johnson, Mrs. J. T. Cartrite and Mrs. Heath.

Attending the meeting were Mrs. W. T. Davis, Mrs. George Small, Mrs. G. C. Cole, Mrs. S. L. Terry, Mrs. A. A. Whitfield, Mrs. R. C. Yarbrough, Mrs. J. I. Payton, Mrs. Cone, Mrs. J. E. Dowd, Mrs. C. W. Dunn, Mrs. W. H. Sparks, Mrs. C. H. Stratton and Mrs. Harrell. Little Barbara Jane Dowd of Happy was a visitor for a short time.

Mr. and Mrs. Ed Money and Eloyce will leave next week for Lincoln, Neb., where Eloyce will enroll as a sophomore in Union College. They plan to go by Boulder, Colo., for a visit with Mr. and Mrs. Ed Money. Ed will attend the University of Colorado this fall.

Roy Carroll and Gary Michael Love of Tulsa visited last week with their grandparents, Mr. and Mrs. Ray Fullerton.

Moving to Lubbock last weekend were Mr. and Mrs. Chester Dowell. They are to teach in the Lubbock schools. Mr. Dowell is to be football coach of the eighth grade and teach mathematics, and his wife will teach the second grade.

Al C and Mrs. Dennis Burrus left Saturday for their home in Tucson, Ariz., after visiting last week with their parents, Mr. and Mrs. Harley Burrus and Mr. and Mrs. A. M. Currie in Happy.

Mrs. Lewis Harvey will be hostess for the first fall meeting of the Westside Home Demonstration Club Wednesday, Sept. 7.

August Building Permits At \$5500

Two building permits and one permit to move a house were issued in August. The two permits, totaling \$5,500, brought the year's total to \$845,650.

Those issued were:

G. W. Cox, 1908 Ninth Avenue, residence, \$3,500, Aug. 10.

James L. Boyce, 1903 Ninth Avenue, residence, \$2,000, Aug. 16.

Taylor and Sons, 307 Fifth, removal, Aug. 18.

Dr. and Mrs. Edward Gerald and children of the University of Minnesota, and Mr. and Mrs. Pat Gerald of Sweetwater spent a few days this week at the parental Ed Gerald home.

Reynolds Family Has Reunion at Ceta Glen

The annual reunion of the Reynolds family was held from Friday, Aug. 26 until Monday, Aug. 29 at Ceta Glen Canyon. Eighty-eight members were present.

All of the original family of Reynolds lived in Canyon at one time. Those present for the reunion were Cora Reynolds of Dallas, Mrs. Zora Engleman of Fort Worth, John Reynolds, and Fred Reynolds of Tioga, Cecil Reynolds of Wichita Falls, Howard Reynolds of Tulsa, Edd Reynolds and Joe Reynolds of Canyon, Bob Reynolds of Amarillo, Bert Reynolds of Bisbee, Ariz., Clem (Dock) Reynolds of Lamar, Colo., and Clanton (Stix) Reynolds of Plano, Iowa.

During the three days, friends came from Canadian, Adrian, Lufkin, Tulia, Olton, Claude, Amarillo, Tioga, Lockney, and Canyon, Texas, and Bisbee, Ariz., to pay visits to the family.

Mrs. Oma Ford of Dallas flew home Monday to visit with her parents, Mr. and Mrs. P. M. Wilson. She left Monday night for Stinnett with her sister, Mrs. Paul Groves, and Mrs. C. E. Britain to visit with them and to teach in a health and physical education workshop at Dumas Tuesday and Wednesday. She is flying back to Dallas tonight.

Mr. and Mrs. Donald H. Lewis will return to New York Sept. 16 after two years spent in Argentina. Nfld., where Donald has been stationed in the Navy. They will drive from New York to visit their parents, Mr. and Mrs. D. V. Shelton of Canyon and Mr. and Mrs. Hugh D. Lewis of Amarillo. After 30 days they will return to Bainbridge, Md., where Donald will be stationed two years.

Mr. and Mrs. Paul Henderson and daughter, Joan, of Sherman, spent Sunday night in the T. W. home and attended the Henderson reunion with Mr. and Mrs. T. W. Henderson Sunday, at Thompson Park in Amarillo.

Mrs. George Nance, Mrs. Jessie Parker and Mrs. Clarence Thompson visited in Hale Center Sunday with Mr. and Mrs. E. L. Henderson. Mrs. Henderson and Mrs. Thompson are sisters.

NICE CATCH — The way Spike Jones, shown here, tells it, the big one didn't get away. He was "deep sea" fishing in a Las Vegas swimming pool and came up with a mermaid (named Ida Mercier). So he posed in the typical fisherman's stance with his five-foot, nine-inch, 135-pound catch.

Brantley Directs Rotary Program

Royal Brantley was in charge of the Rotary Club program Tuesday. He conducted a genuine Rotary program of music—without any of the long haired songs of which his department at West Texas State is capable of producing.

The program consisted of a double quartet of Rotarians and an instrumental quartet composed of H. R. Fulton, Jr., Dr. Dudley Moore, Bill Davis and Raymond Raillard, accompanied by Brantley on the piano.

Tawfio Sabourge of Mosul, Iraq, was a guest and made a short talk upon the Near East and what it meant to the United States. While the United States has made contributions to his country, he asked for more and for a better understanding of his nation in order to keep it away from the Communists who have promised so much to starving peoples of the Near East. He is a student in a Colorado college.

Visitors were O. B. Russell of Panhandle, Charles Johnson, E. Kancher, Forrest Barnes, A. G. Attebury, Sam Attebury, Chas. H. Young, C. E. Wagner, A. J. Folley, C. W. Seibel, Joe Martin, Bill Stamps, all of Amarillo, Bob Wear of Canyon, Clancey Summings of Colorado, Dr. Sam Johnson of Jackson, Miss., Jin Duderstadt of Louisiana, and Sabourge.

Mrs. J. C. Dowd has been hostess to a number of guests recently.

Last weekend, visitors were Mrs. J. H. Rowan of Decatur, sister-in-law of Mrs. Dowd, and her daughter, Mrs. Eileen Burge of Dallas. Rev. and Mrs. R. C. Helmich and children, and Mrs. R. P. Helmich and Ric spent two nights and a day visiting in the Dowd home last week. On the return trip from their vacation they spent some time sight seeing at Yellowstone Park.

Rev. and Mrs. Max Holliman of Cotton Center visited with the Helmichs at Mrs. Dowd's Tuesday evening.

Vacationing in Riodosa, N. M., are Mr. and Mrs. Mark Foster and Mr. and Mrs. Charles Peckenpaugh and son, Ben.

Guests of Miss Vera Crawford, Mr. and Mrs. Arthur Olson and Mr. and Mrs. Carl Anderson last week were Mr. and Mrs. Vernard Teagarden and children, Arlene, Arla and Raymond of Lafayette, Ind.

Sunday visitors in the home of Mr. and Mrs. Austell Burrus of Gruver were Mr. and Mrs. Bradley Burrus, Mr. and Mrs. Troy Burrus, Mr. and Mrs. Nobel Watson of Stinnett, Martha Jones and Juan-elle Burrus.

Mrs. Henry Meyer is visiting in Carlsbad, N. M., in the homes of Mrs. Erna Small and Jack Wester. She will remain for the wedding of her granddaughter, Henrietta Small, on Sept. 6.

Mr. and Mrs. Oscar Ekelund from Galveston have spent a week visiting with Mr. and Mrs. C. M. Presley. The Don Trolingers from San Bernardino, Calif., have also been guests in the Presley home.

Mrs. Mary Sligar returned recently from two weeks of laboratory session in the field of human relations at the University of Texas.

Mr. and Mrs. I. F. SoRelle and Dr. and Mrs. Charles Nester and family traveled to Santa Fe last weekend.

Last Friday, Mrs. John A. Williams attended a luncheon in the home of Mrs. R. L. Sparks of Amarillo.

Hand-Knit Sweaters Blend With Fall's Beauty

BY EDNA MILES

LATE summer and fall bring the kind of weather that makes most women think longingly of hand-knit sweaters. From a fashion standpoint, it's the best time to think of them, since there's still plenty of time to make additions to a fall wardrobe.

This year, yarn manufacturers have created new yarn blends—wool and nylon and the tweeds. The bulky knits look new, too, and many of these come in beautiful, vivid colors; among them a soft, rich, Wedgewood blue.

If you've a daughter or niece going back to high school or college, you'll find she'll welcome one more sweater or jacket. And these girls cherish the hand-knit or hand-crocheted fashions for their expensive look.

There are long-torso middies, cardigan and tuck-in blouse styles, big and little collars. The girls will add their own ribbon or bead trim for dressy wear. Many of these girls are expert themselves, turning out socks, sweaters, gloves and scarves for the boys they date.

Designer Cecil Chapman feels that hand-crocheted stoles in pretty yarns and colors are right with the short formal gowns she designs. She likes them worn over the head and fluffed loosely about the face for sheer flattery.

Hand-knit for fall wear, this tuck-in blouse is fashioned of soft, sheer wool. This particular model is trimmed with pearl buttons and tiny flowers. (National Hand Knitting Yarn Association)

Grigsby Honored With Showers

Roberta Grigsby, bride-elect of Joe Dale White, was honored last week with two showers at the home of Mrs. A. B. Holt.

On Aug. 26 guests were greeted by Mrs. A. B. Holt; Mrs. R. L. Grigsby, mother of the bride-elect; Roberta Grigsby, and Mrs. J. M. White, mother of the bridegroom-elect.

Hostesses for the occasion were Mrs. Holt, Mrs. Fred Standley, Mrs. Bert Masters, Mrs. Frye of Dawn, Mrs. Womble, Mrs. Alfred Bellah, Mrs. Tommie Pierce, Mrs. Walter Graham and Mrs. J. C. Keeling.

The bride-elect's chosen colors were carried out with white garden flowers and Belles of Ireland. Presiding at the refreshment table, which was laid with a beautiful, white linen tablecloth and crystal setting, was Mrs. Murphy White, sister-in-law of Joe Dale White. Mrs. Dick Dawdy and Martha Quillen registered the guests.

On Aug. 23, a jovial evening was spent at an unusual kitchen shower. Guests hemmed and embroidered kitchen towels for Roberta, each person designating her gift by personal initials.

Hostesses were Virginia Holt, Ann Dawdy, Sue Davis, and Billie Graham.

Virginia Holt Feted With Two Showers

Several showers honoring Virginia Holt, bride-elect of Don Cotton, of Vega, were given recently.

Billie Graham entertained at the Amarillo Club Aug. 23 with a dinner for Virginia. Attending were close friends of the bride-elect.

Each guest was presented with a bronze mum corsage which carried out the chosen colors of brown and green.

At 10 a. m. on Aug. 25, a brunch was given for Virginia by Mrs. Bert Masters and her daughter, Pat.

Bronze flowers were used throughout the entertaining rooms.

A lovely gift was presented to the bride-elect by the hostesses. Out-of-town guests were Mrs. Bob Cotton of Vega, mother of the bridegroom-elect; Mrs. Thuet of Vega; Mrs. Nolan Henson, Shreveport, La., and Mable Graham, student at Yale University.

P-TA To Change District Areas

Due to the rapid growth of the organization, which now has a membership of over half a million, the Texas Congress of Parents and Teachers has found it necessary to redistrict the state.

At present there are 16 districts, and plans are going forward to create five new ones.

Mrs. Leon S. Price of Dallas, state president, has issued a call to the membership to assist in creating the new districts and in reorganizing several of the present ones.

All districts will be affected in some way except Districts 2 and 3.

In District 19, a meeting for redistricting will be held Sept. 15 in the junior high school. State representative for the meeting will be Mrs. J. K. Bradley of Rice, and Mrs. James Lewis will be the Pampa hostess.

Mrs. Crews Henry of Canyon will be the state representative for a meeting of District 20 in College Station on Sept. 14.

HOW ABOUT TRADE-IN VALUE

\$700 Collected For Flood Relief

Nearly \$700 was collected in Canyon in the Red Cross drive for funds for the relief of flood victims in the eastern states area, according to T. A. Black.

The drive was begun last Wednesday here. The funds will be used for the immediate feeding and housing of victims and for long range reconstruction of the flood ravaged area.

Virginia Holt traveled to El Paso this last weekend to be an attendant in the wedding of a former roommate at Texas Western, Carol Lark.

Mr. and Mrs. A. B. Peterson and boys, Bobby, James and David, of Rio Grande City, visited friends in Canyon last week. Mrs. Peterson is the former Dorothy Fay Rusk.

Mr. and Mrs. Ollie Buchanan and children of Oklahoma City arrived Sunday to visit Mrs. Buchanan's parents, Mr. and Mrs. Ray Campbell.

Two Teachers Added for Fall

An instructor in business administration at West Texas State College have been appointed for the 1955-56 session.

President James P. Cornette has announced that Robert L. Bennett, University of Texas graduate, has been named instructor. George L. Blackwell, Canyon insurance man, will teach a course in real estate this fall. Blackwell is a former WT student.

Bennett, who earned his M.A. degree in economics at the University of Texas earlier this month, was awarded his B.A. degree in 1951. He formerly attended Southwestern Junior College in Waxahachie.

After serving as an accountant for the Brackenridge Hospital in Austin, Bennett served in the Army for two years. He was an instructor in leadership school at Camp Chaffee, Ark., and in fire direction at Fort Sill.

He was a member of Phi Kappa Psi, social fraternity, Phi Eta Sigma, honorary freshman fraternity, and Pi Sigma Alpha, honorary political science fraternity.

Bennett will teach courses in business psychology and bank operation and management at Amarillo Center, 2101 Harrison, in Amarillo, this fall.

Socialist — Yes.

Conservative — Would you be willing to give me half your cows?

Socialist — Yes, most certainly.

Conservative — Would you give me half your chickens?

Socialist — No, that's different.

Conservative — What's the difference?

Socialist — Why, I have chickens but I ain't got no cows.

NOTHING TO IT

"Sculpture is very easy, isn't it?" remarked the sweet young thing.

"Very, very easy," answered the sculptor, "and very, very simple. You just take a block of marble and a chisel and knock off all the marble you don't want."

Sale of beat-the-heat items this recent sizzling season has netted the nation's department stores "real cool" profits.

New Doctor

DR. WENDELL CAIN

Speech Instructor Given Doctorate

A doctorate in speech education has been awarded by the University of Denver to Wendell Cain, assistant professor of speech at West Texas State College.

Cain completed his work for the Ph.D. this summer after a year's leave of absence from WT.

Dr. Cain will rejoin the WT faculty when the fall semester opens Sept. 12, and will be director of the college speech clinic.

With Dr. Cain's return, the WT speech therapy program will be expanded, according to Dr. Crannell Tolliver, head of the speech department. Dr. Cain has done extensive work in speech pathology.

After conducting a national survey, Dr. Cain wrote for his doctoral dissertation an analytical study, "Speech Proficiency as a Factor in Teacher Certification."

Dr. Cain came to WT as an instructor in 1950 after teaching at White Deer High School. He first took a leave of absence for study in 1952-53.

He earned his B.S. and M.A. degrees at WT. He served four years in the Marine Corps during World War II, and is now a captain in the Marine Corps Reserve.

ALL LEARNED

A boy went to work in an engineer's shop, and after he had been there three weeks, announced his intention of leaving. His employer asked the reason, whether the hours were all right, and the money all right, and the boy replied:

"Yes, those are all right, but I don't like it, and I'm sorry I learned the business now."

Rites Conducted For Mrs. Loudder

Rites to the memory of Mrs. Minnie Turner Loudder, 78, were conducted last Thursday afternoon in Griggs-Warren Chapel by the Rev. H. C. Smith of Amarillo.

Burial was in Dreamland Cemetery.

Mrs. Loudder, who had lived in Randall County for 31 years and in Canyon for nine, died at 12:45 a. m. Wednesday in Neblett Hospital. She was the widow of George D. Loudder, who died in 1940.

Survivors include seven sons, Mark B. Loudder, Clayton, N. M.; Rafford T. and J. Douglas Loudder, both of Canyon, B. D. Loudder, Amarillo, Bob and Jack Loudder, both of Happy, and Neil Loudder, Genoa, Colo.; two daughters, Mrs. H. W. Cole, Pasadena, Texas, and Mrs. J. M. Brown, Lovington, N. M.; three sisters, Mrs. Lummie Turner, Woodson, Texas, Mrs. J. F. Parker, Tucson, Ariz., and Mrs. S. B. Loudder, Canyon; two brothers, Dr. C. A. Turner, Woodson, and Dr. G. C. Turner, Lubbock; and eight grandchildren.

1,050 Enrolled In First Two Days

A total of 1,050 pupils enrolled for Canyon Public Schools during the first two days of registration this week. Supt. Joe Gibson announced, and as classes began this morning, dozens more were waiting to register.

By classes, the enrollment was: First grade, 99; second, 102; third, 124; fourth, 84; fifth, 92; sixth, 104; seventh, 72; eighth, 83; ninth, 77; tenth, 78; eleventh, 73; and twelfth, 62.

Guests in the home of Mr. and Mrs. John A. Williams Tuesday night were Mr. and Mrs. P. B. Carlson and Mr. and Mrs. Leland Abbot of Amarillo, and Mr. and Mrs. Burney Slack, Mr. and Mrs. I. F. Sorelle.

Visiting Mr. and Mrs. Walter Graham have been Mrs. Nolon Henson and her daughter, Jan, from Shreveport, La. As a guest also in the Graham home has been Lester Pasker from New York, visiting Mable Graham.

Speeding Driver Pays Fine for Corn

One night last week, Randall County Deputies stopped a pickup truck which was speeding west on Highway 60.

The driver had no license, so the deputies began checking the truck and found the back half full of fresh roasting ears.

The man said he had been fishing and had bought four dozen ears of corn from a farmer. Obviously there were more than four dozen ears in the truck, however.

After checking with the farmer, the deputies arranged for the man to pay for speeding, for having no license and for the corn itself.

"That just shows you what happens when you speed," a deputy commented.

THE LET DOWN

For months he had been her devoted admirer. Now, at long last, he had collected up sufficient momentum of all questions.

"There are quite a lot of advantages in being a bachelor," he began, "but there comes a time when one longs for the companionship of another being — a being who will regard one as perfect, as an idol; whom one can treat as one's absolute property; who will be kind and faithful when times are hard; who will share one's joy and sorrows—"

To his delight he saw a sympathetic gleam in her eyes. Then she nodded in agreement.

"So you're thinking of buying a dog," she said. "I think it's a fine idea. Do let me help you choose one."

NOW HE REMEMBERS

An enthusiastic golfer came home to dinner. During the meal, his wife said, "Willie tells me that he caddied for you this afternoon."

"Just think of that," said Willie's father. "I knew I'd seen that boy before."

BURROW LUMBER CO.

Around the Town...

By Mrs. Arthur C. Haley, Jr.

Patients from all over the Panhandle, New Mexico and even California have entered the hospital at 2007 8th Ave. Many have shown the scars of the years, but all have been nursed back to health by Mrs. Carl Smith, D.D.—Doll Doctor. Mrs. Smith uses wire hooks, pliers, rubber bands, plastic wood and a lot of patience to restore the dolls to their original beauty.

Last year four hundred young mistresses were made happy by Mrs. Smith's work. Christmas is usually her busiest time since many children would rather have their old doll repaired than to have a new one. The patient may need only a wig glued back or it may take a major overhaul to restore the doll. Mrs. Smith keeps all supplies on hand. There are wigs of human hair, nylon and sarlon; there are heads made of bisque china or the latest plastic style. Many times she is called upon to restore missing eyes, eyelashes, ears, teeth, tongues, or cry boxes. The patient may be fortunate enough to get a whole new wardrobe while at the hospital. Mrs. Smith has accessories that any doll would love to have; shoes, roller skates, dresses, purses, sun glasses, aprons and pajamas. Upon leaving the hospital, each patient is issued candy "pills" which the mistresses promptly eat.

Even in childhood Mrs. Smith was distressed by a broken or mistreated doll. She repaired many dolls in her youth. As a mother of 10 children, she was often called upon to repair the dolls of her daughters. She has had the Doll Hospital on Eighth Avenue for the past five years.

Mrs. Smith is quite adept at making miniature dolls. She makes the dolls' heads of dried apple, dried pear or clay. She has assembled many scenes under glass in the waiting room of the hospital. One scene shows the old woman who lived in the shoe. She and each of her children are made of clay, toothpicks and dress materials. Each doll has a distinct face different from the others. In another scene a doctor is feeling the baby's pulse. There is a jug of liquor at his feet, medicine bottles are in a bag on the bed, the table nearby still has the food on it. Again, Mrs. Smith made all the contents of the scene. In a nearby case is an old woman made of dried apple sitting in an old model car. She looks quite lonely, because Mrs. Smith sold the husband to a lady not long ago.

While Mrs. Smith does not have many old dolls of her own, she has one that is nearly 70 years old. This doll has a metal head, cloth body, leather hands and legs. Her clients include many adults who come to have their favorite dolls repaired for either their own collection or to give to their grandchildren.

One of the most beautiful single Dahlia blooms was exhibited about town the other day by S. B. Orton. It is of the Arthur Godfrey strain and was hand pollinated by the same strain. Since I am not much of a flower authority, I was fascinated by the fact that all those beautiful Dahlias in Mr. Orton's

yard had to be pollinated by hand. This particular bloom was 15 inches across and the most perfect we had ever seen. If you want to see a lovely sight, drive by Mr. Orton's yard at 1806 5th Ave.

Mrs. Warwick wrote of Holland: "We saw the canals and the many boats on them—house boats where people live. There are ducks on all the canals, and they have quaint and pretty little houses for them. We were shown some of the damage done by the bombing and understand their deep hatred of the Germans when shown this and the statue erected for 28 civilians, all under 30, who were executed because one dead German soldier was found in a canal. All passing were stopped and forced to witness this execution.

"The most wonderful thing yesterday was the flower auction. Here in a building a block or more long, millions of flowers are bought to be sold at wholesale. Little boys, some in wooden shoes, met us at the door and gave us carnations. The guide asked us to face him as we went in because he liked to see the faces of people as they got their first glimpse of the show. Here on huge tables were stacked carnations in every color, stacked tight in piles at least two feet high. There were dahlias, roses, lilies, chrysanthemums in nearly every color and variety of flower. We walked for an hour down the aisles of flowers whose beauty and fragrance was almost more than we could stand."

Mr. and Mrs. R. D. Wheelock and children, John Robert and Mary Ann, along with Mrs. Wheelock's mother, Mrs. Marjorie Brewer of Tulsa, returned from a vacation trip to Kansas two weeks ago.

Highlights of their trip were visiting with Capt. and Mrs. William C. Brewer of Lawrence, Kan. (Mrs. Wheelock's brother); climbing to the top of the dome of Kansas' Capitol at Topeka; fishing and boating on Shawnee Lake; seeing the stage production, "Wonderful Town," the musical version of "My Sister Eileen," at the Starlight Theatre in Kansas City, Mo.; observing former President and Mrs. Harry S. Truman in their back yard at Independence, Mo.; riding over the Turner Turnpike between Oklahoma City and Tulsa; seeing the world's largest hand-dug well at Greensburg, Kan.—it's 109 feet deep and 32 feet in diameter; and going through the Dalton gang's hideout at Meade, Kansas. The most prized souvenirs of the trip are papers signed personally by Kansas' Governor, Fred Hall, making John Robert and Mary Ann temporary citizens of Kansas.

A few years ago Mr. and Mrs. H. R. Fulton, Jr. built a home consisting of one bedroom, bath, living room and kitchen. Later they added a large den with wood burning fireplace. Recently they completely remodeled the house even to a new roof line over the old part of the house. Their home now has three bedrooms, two baths,

living room, dining room, den and kitchen. The house will be finished with Barkfaced Roman brick, redwood siding and white roof. The baths have been tiled with the new king sized plastic tile. The whole house features modern lighting, with recessed lighting in places and brass spot lighting in others. A lovely feature of the master bedroom is a large glass sliding door which opens into the patio. They have used louvered wood effectively in the living room and front porch.

The Fultons have two children, Richard and Lauran. They live at 2005 4th Ave., next door to their floral shop, H. R.'s Greenhouse.

Many mothers like to keep ice box cookies on hand for the children to eat after school. This recipe has been a hit with the children for years:

- 1 cup butter
- 1 cup white sugar
- 1 cup brown sugar

Cream these until fluffy and add

three eggs which have been beaten very light. Sift 3½ cups flour, 1 teaspoon soda, 1 teaspoon baking powder and 1 teaspoon cinnamon. Add this gradually to the first mixture. A cup of nuts may be added. Roll this in waxed paper and store in refrigerator. When needed, take out, cut ½ in. thick, and bake on cookie sheet for 10 minutes at 350 degrees.

"It is the Lord who judges me. Therefore do not pronounce judgment before the time, before the Lord comes, who will bring to light the things now hidden in darkness and will disclose the purposes of the heart. Then every man will receive his commendation from God." —I Corinthians 4:5.

Wheat Farmers...

Low-cost dieldrin seed treatment protects crops from wireworm damage

Treatment Costs Pennies Per Acre,
Assures Better Stands of Grain

Newly seeded fields make good feeding grounds for true and false wireworms and other soil insects. If there is not enough moisture in the soil to permit quick sprouting, seeds are vulnerable to insect attack for several days. But the threat of wireworm damage should be recognized at all times.

A dieldrin preventive seed treatment is a sure way to protect wheat and other small grain seeds until they sprout.

Low-cost protection

It costs just pennies per acre to treat seed with dieldrin, but dollars per acre to feed the wireworms untreated seed! A dieldrin seed treatment prevents "spotty" stands ... eliminates the expense of time and money for re-planting or sowing extra seed for the wireworms to feed on ... assures you of a

longer grazing period. And dieldrin does not harm plant development.

Compatible with fungicides

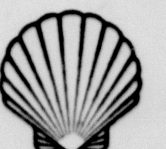

Dieldrin is compatible with fungicides ... can be applied at the same time to save the expense and work of a double treatment. You can buy dieldrin-treated seed from your seed dealer, or treat the seed yourself. Dieldrin can be applied as a slurry, dry, or in a grain drill. A convenient method is to apply dieldrin to the seed in the grain drill as you plant. Follow directions on the label for the particular formulation you buy.

Less work at planting time

Seed can be treated now and stored until planting time. Dieldrin eliminates the rush of treating seed and planting within a few days. Dieldrin formulations are available throughout the wheat growing area. See your local supplier.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

While some seized on this incident in Oakland, California, as a switch on the old newspaper axiom about man biting dog, others took it as sign in some quarters, at least, organized labor is becoming mature in economic thinking.

An Oakland union went on record opposing union-operated cooperatives, or tie-ups with so-called discount houses whereby membership in the union entitled membership to buy at cut rate prices.

Obviously such a move in organized labor is reversal of common trend of past few years where attempts have been made to engage in myriad enterprises.

In all fairness, it should be stated organized labor has long been divided on these fringe activities. Not too long ago Phillip Murray growled a warning to labor leaders to confine their activities to wages and hours.

It is rather trite to point out that labor cannot expect to get more for producing, yet pay less for goods. Yet, from the standpoint of labor, there is a far greater issue involved in this matter of unions getting involved in cut rate merchandising schemes, cooperative stores, and other semi-socialist ventures.

Organized labor should be conscious that many of its gains of the past 10 years have been on a tight labor market, brought about by an expanding production based on expanding sales.

Yet responsible organized labor, such as the union in Oakland, must surely recognize the attitude of big motors, big steel and others, would be much different at the bargaining table if 5,000,000 able unemployed were knocking on factory gates across the nation.

At present, independent retailers and wholesalers are providing employment to million who might otherwise be knocking on factory gates, and whose knocking could well shake organized labor to its very foundations.

Thus, labor organizations who have rushed into cooperative stores, discount house arrangements and other deals aimed at destroying the independent wholesaler and retailer have been doing nothing more than making their own funeral arrangements.

Actually, as production becomes more and more automatic, thus eliminating the need for more manpower at the factory level, the problem of absorbing surplus workers is being placed on independent business. Thus, it might be said, that future of the organized labor movement depends on how well independent business can absorb these dispossessed workers.

Thus, organized labor should be very apprehensive over anything which curtails independent business, because independent business is the biggest employer in the nation.

So the incident in Oakland is encouraging for the entire economy. This is perhaps the first harbinger of an awareness in organized labor as to which side bread is buttered on.

Kimbrough Tells Season's Chances

Although he was given a new crying towel by the Lions Club last week, Coach Frank Kimbrough wasn't overly pessimistic as he told of the 1955 prospects for West Texas State football.

"We feel like we're going to be better this year, but so does everybody else," he said. The coach wouldn't comment on how the season might turn out, but said, "A lot of people don't realize how tough the Border Conference is."

Coach Kimbrough said that there will be 36 returning squadmen this year, but 13 are married. "We should advertise as a school to get married," he said.

Seven of the 13 married players are on the first squad, he said. Two of the married men have two or more children. And, two of the freshmen scheduled to arrive have two children.

There will be three seniors on this year's team—Dab Cleveland, Dale Wiley and Joe Wallen—the coach said.

"We hope we have this kind of surprise—some of our boys might be better than the ones we're counting on," the coach said.

Visitors to the club were Earl Hatfield, Canyon; Warner Martin, Denton; E. H. Cleavinger, Norwall, Calif.; and Ray Franks, Amarillo.

County Bond Sales Over State Average

July U. S. Savings Bond sales in Randall County were slightly over the state average, according to the Treasury Department.

During the month, a total of \$29,250 worth of bonds were bought—some 57.9 per cent of the quota. The state sales average was 57.6 per cent.

The average for District 1, including Randall County, was 71.4 per cent. Clyde W. Warwick is county chairman.

I GIVE YOU TEXAS By BOYCE HOUSE

There may be more unusual barber shops than the Subway Barber Shop in Fort Worth but I will have to be shown.

The main reason the shop is unusual is the proprietor, Bruce Chenault. He brought in a plant in a small pail which he hung from the ceiling and this vine spread till it was over 250 feet long and was featured in Ripley's Believe-It-or-Not.

Bruce owns a dog which he has trained to bring the daily paper to him so the Fort Worth Star-Telegram ran the dog's picture.

Then when one of the barbers resigned because he had acquired enough property to provide all the income needed, Chenault advertised, "Barber wanted to succeed one who got rich and retired" and the Fort Worth Press published a picture and a writeup about the wealthy barber.

One of the Subway's barbers said that he learned that there were at least two rattlesnakes in the attic of his home and he couldn't sleep at night because of the noise they made; or, if they didn't make any noise, he couldn't sleep for worrying about what they were up to.

The house was outside the city limits so the police weren't in-

terested in helping rid the place of the snakes. The zoo sent a man but he couldn't figure out any way to get to the rattlers as the attic had no doors or windows. The barber suspected the zoo man wasn't very anxious to make the acquaintance of the snakes, anyhow.

However, the barber said he solved the problem. He sold the house.

Another barber in the Subway told about the time he and some friends got hold of a big jug of whisky and he decided he wanted to preach and he delivered what may have been the longest sermon ever made. He preached for hours and got so hoarse he could scarcely speak. At last, he and the whisky gave out at the same time. What he said and what his text was, he couldn't remember.

A customer suggested, "Maybe your text was, 'Wine is a mocker and strong drink is raging and he who is deceived thereby is not wise!'"

The shop is on Eighth Street back of the W. T. Waggoner skyscraper and is called the Subway because it's lower than the sidewalk. Drop in any time; the stories will be flowing.

LIPSTICK LOGIC BY LOUISE ALLEN

One of the cruellest ways we know to be snapped out of the summer doldrums is to go to a fall style show.

Smartly groomed models with no hips to speak of, a waistline that would have made the girls of the gay nineties look blowzy, and a lilt in their step, trip lightly through the throng of well-fed women, clad in breath-taking clothes.

More normal women — who like good food better than they should — look at the clothes as though they could eat them and at the models with an expression of mingled envy and admiration. They know the price of a slender figure: no rich desserts, no between-meal snacks; leaving butter and starches out of the menu; preparing special meals with fewer calories than the rest of the family need and demand.

For days after one of these eye-opening events, the mere housewife looks sideways at her reflection in the mirror. She passes up tempting dessert ideas in the magazines for suggestions on meat dishes. She reads a story about the 240-pounder who "through careful diet, has trimmed down to 135." She even sneaks a few exercises into the busy morning hours.

This mood may last for a week. Then there's a coffee for a bride, a luncheon for a visitor. The exercise schedule gets broken into, soon stops. The old easy-going habits move back in as the heat bears down, and the resolution to slim down for fall gets pigeon-holed—or should we say "tabled"—for a few more weeks.

Meanwhile, the men who rule women's lives slouch comfortably over a double cream soda and twit their spouses about their avoirdupois. All in all, it's a cruel time of year!

Youths Wanted in Lubbock Burglary Caught Here

Two 15-year-old boys alleged to have broken into five stores in Lubbock Friday night were arrested here Saturday afternoon by Sheriff L. S. Johnston, who found them holed up in a tourist court.

The sheriff traced them down after they wrecked a stolen pickup truck on Fourth Avenue earlier that morning. The truck turned over, but when officers arrived there was no one at the wreckage. Sheriff Johnston said the boys had been charged with taking \$186 in cash, two pistols and some ammunition from one Lubbock store. They were also charged with stealing the pickup truck from a lumber yard.

The sheriff said the boys had the guns and \$86 in cash when he arrested them. The boys told him they had spent the rest of the money in Canyon for clothing.

Lubbock officers came to Canyon and took the boys back. A tow car was sent for the pickup truck.

THE DIFFERENCE

Teacher — Johnny, can you tell the class how much difference there is between the words "notorious" and "famous?"

Johnny — Offhand, I'd say just as much as there is between the smell of limberger cheese and that of a rose.

Parties Compliment Martha Jones

During the past week Martha Jones, bride-elect of Ronald Copas, was complimented with two parties.

On Wednesday, Aug. 24, from 6 to 7 p. m., a personal shower honoring Martha was given in the home of Jearlyn Partridge.

Serving as hostesses with Jearlyn were Juanelle Burrus, Mary Sue Bolton, Betty Burrus and Faye Lowrey.

The refreshment table was laid with a lace cloth over mint green. The centerpiece was an arrangement of lovely yellow dahlias centered with double yellow candles. Ribbon sandwiches, nuts, mints, macaroons and punch were served. Twenty-five guests called or sent gifts.

On Thursday morning Juanelle Burrus was hostess for a come-as-you-are breakfast for the bride-elect.

A breakfast of cantaloupe, bacon, eggs, buttered toast, jelly, and coffee was served to Annette Meyer, Mary Sue Bolton, Carolyn Glanton, Betty Burrus, Charlotte Crain and Martha Jones.

Dove Season Opens Thursday

NORTH ZONE—Sept. 1 to Oct. 15, both days inclusive. Shooting hours 12 o'clock noon to sunset.

SOUTH ZONE—Oct. 15 to Nov. 28, both days inclusive. Shooting hours 12 o'clock noon to sunset.

SANCTUARY—Unlawful to take chachalaca or any fowl south of U. S. Highway 83, formerly State Highway 4.

BAILEY COUNTY—No open season.

McMULLEN COUNTY—Open season by state law Nov. 1 through Dec. 15; by federal law Oct. 15 to Nov. 28.

KAUFMAN COUNTY—Dove season closed in Combine Community.

SHOTGUNS must be plugged permanently to three-shell capacity, may not be larger than 10 gauge. Hunting doves with rifles prohibited.

NO HUNTING permitted in game refuges and game reserves.

ZONES FOR DOVE HUNTING

AUSTIN—Reports indicate that the mourning dove season—first phase of the fall wildlife harvest—will be favorable, according to the Executive Secretary of the Game and Fish Commission, Howard Dodgen.

He said a field survey of the north zone, which opens for mourning doves on Sept. 1, shows that there is a good supply of birds and that food and water conditions are fair to good.

The north zone season runs from noon on Sept. 1 to sunset on Oct. 15. The south zone season is from noon on Oct. 15 until sunset Nov. 28.

Changes this year include a five day extension to a 45 day season and a two weeks delay in the south zone opener.

Bag limits and shooting hours, and other basic regulations, are the same, said Dodgen. Shooting will be confined to afternoon hours only and the limits are 10 per day and 10 in possession.

The north zone area covers about three-fourths of Texas, comprising

as it does all the territory running diagonally across the state on a rough line from Maverick County on the Mexican border to Sabine on the Louisiana border.

Dodgen said pre-season population reports point to a stout shot. He added, however, that

dove numbers are unpredictable and that the birds frequently shift their residences abruptly.

"We have a fine weed seed crop," he explained, "and water is plentiful in many areas."

The executive secretary suggested hunters should follow safety

rules closely because of the anticipated influx of gunners in the field and that they should always obtain permission from landowners before entering the latter's property to hunt. He added that the state's game warden force is available to inform hunters.

AUSTIN—Main impact of the 54th Legislature will be felt next week when most of the bills it passed will become state law.

Taking effect Sept. 6 will be laws designed to eliminate insurance abuses, overhaul the scandal-racked veterans land program and restrict some labor union activities.

Tax increases are most likely to be noticed first. To augment state revenue by \$50 million per year, new levies were placed on beer, cigarettes, gasoline and corporate franchises.

Ultimate payment will fall to the consumer.

Nine major insurance bills are aimed at straightening the industry and providing better protection for the buying public. Capitalization and surplus requirements will be raised, and sale of insurance securities and stock regulated.

Individual insurance commissioners will be empowered to act together as a board. Insurance counselors will be licensed, and

agents will have to pass an examination.

Veterans land program legislation will tighten regulations and impose more stringent controls on both buyers and sellers. Both are made liable to jail terms up to 10 years and fines up to \$10,000 for fraud or misrepresentation.

Major labor legislation includes the "Port Arthur bill." It will enable employers to enjoin strikes by a union which cannot show it represents a majority of workers. Already effective is the "Ford Motor bill" denying unemployment payments to union workers by a strike in another plant of their company.

Other new laws will provide \$7 million more for public assistance and bring 30,000 more state employees and college professors under federal Social Security.

Corruptive comic books will be banned, and incorporation requirements will be broadened to include "any lawful purpose."

Integration Upheld
Big Spring's test case on the legality of Texas public school integration headed toward the Supreme Court.

A suit to enjoin the Texas Education Agency and comptroller from making payments to desegregated schools was denied in district court. Judge Charlie N. Sullivan ruled invalid that part of the Gilmer-Aikin law which applies to segregation.

Notice of appeal was given at once by the attorney for the pro-segregation Texas Citizens Council who brought the suit. If the district court opinion is upheld, there apparently would be no need for an immediate special session of the legislature to revise school laws.

Gov. Allan Shivers declined to comment until after the final court action.

Thirty Deaths Predicted
Thirty traffic deaths are predicted by the Department of Public Safety for the upcoming Labor Day weekend.

Last year 29 Texans were traffic fatalities during the three-day holiday.
Only once recently has the department's forecast missed by any sizable margin. For July 4 it predicted 29 fatalities. Only 18 occurred.

Col. Homer Garrison, department director, expressed hope for a similar error for the September 3-5 holiday.

Politics Is Budding
Texas' governorship campaign seems to be shaping up, considerably ahead of schedule.

Former Supreme Court Justice and University of Texas Chancellor James P. Hart addressed an East Texas meeting at Henderson, sponsored by the liberal Democrats.

Liberals have been courting his entry in the race, and he is "thinking about it."

There were those who said he "sounded like a candidate" in his talk on "ideas and ideals."

Former Speaker Reuben Senterfitt of San Saba, only announced candidate for governor, has held a meeting of his statewide campaign steering committee in Austin. He said he will name county and precinct campaign chairmen by January.

State Senator Jimmy Phillips of Angleton is an intended candidate. He was present in Henderson when Hart spoke. A statewide rally in Galveston on Sept. 1 was planned by his friends as the send-off for his campaign.

Mrs. Wayne W. Wagoner of Bowie, widow of the senator killed in a car accident two weeks ago, also has been mentioned as a possible candidate. She was the only other speaker at the Henderson rally which her husband was to have addressed. Hers was not a political speech.

Senator Price Daniel, currently abroad, is holding up disclosure of his decision whether to run for governor next year, two years before expiration of his first Senate term.

Governor Shivers hasn't announced his plans. "Anything can happen; at this time I am not a candidate for anything," he told newsmen.

Biggest But Not Cheapest
Texas has become the principal producing state of Aluminum Company of America's vast chain of aluminum refining and smelting operations.

Persuaded to try aluminum for some of its heavy permanent road signs, the Highway Department asked for bids. When they were opened, the Canadian aluminum industry turned up with a bid on imported metal eight per cent under the lowest domestic bid.

A lithograph print of Davy Crockett on display at the Chicago Public Library shows him in the outfit he wore to Congress—swallow-tail coat and all the trimmings. On it, in his own hand, is this inscription: "The only correct likeness that has been made of me."

Four Baptist clergymen from the United States have accepted an invitation to visit the Soviet Union this month.

Johnson Opens Austin Office

Sen. Lyndon B. Johnson will maintain a senatorial office in Austin as well as Washington between now and the convening of the next session of Congress, he announced this week.

Sen. Johnson, now convalescing at his ranch near Johnson City from the heart attack he suffered on July 2, will be unable to follow his usual custom of traveling over the state during the congressional recess. "The doctors limit the number of visitors I can see," the senator said. "But I would like to have all the letters my friends want to write. All will be answered."

Heading the Austin office, in the Federal Building, are Jack Hight of San Angelo and Glynn Stegall of Graham. With them will be Grace Tully and George Reedy.

In the Washington office will be Walter Jenkins, Arthur Perry and Booth Mooney.

"With this setup," Johnson said, "I believe I can handle every request of a Texan during the recess quickly and effectively. I hope no Texan will hold back any request or suggestion he wants to make simply because I must take it a little easy until I am fully recovered."

MR. AND MRS. BOYD WHITE

Richardson, White Vows Exchanged In Candlelight Service at Chapel

Exchanging wedding vows in the Joseph A. Hill Chapel on August 20 were Lue Ellen Richardson, daughter of Mr. and Mrs. N. J. Richardson of 1102 8th Ave. and Boyd White, son of Mr. and Mrs. J. E. White of Wichita Falls.

J. C. Stepp of the Church of Christ, Lelia Lake, performed the rites of the double ring ceremony in front of a candlelighted altar decorated with baskets of white gladioli and blue carnations banked with greenery.

The candles were lighted by Judy Hansard of California and Billy Johnston of Borger.

Janice Christal, pianist, played various nuptial selections and accompanied Mrs. Miller Wirt who sang "Because" and the "Wedding Prayer." Traditional wedding marches were used.

Wedding guests entering the chapel were registered by Miss Thomas and Londez Manzel.

Bette Johnston, cousin of the bride, was maid of honor and as bridesmaids were Winnie V. White, sister of the bridegroom, and Alice Simms. The maid of honor wore a rich aqua creation. The bridesmaids had identically styled, street length, pink dresses with torso fitted bodices and full skirts.

Preceding the bride as flower girl and wearing blue lace was Pamela Richardson, sister of the bride. Larry Mooring, nephew of the bridegroom, was ring bearer.

Billy White, brother of the bridegroom, was best man. Willey White of Amarillo and Thurman Richardson of Panhandle were groomsmen. Ushers were Bonnie Mooring, Amarillo, and J. P. Johnston, Borger.

Given in marriage by her father,

the bride was delicate loveliness in a white, princess style dress with a sheer, crystalline skirt and high lace bodice. Her halo veil was of white tulle studded with rhinestones. For something old, the bride wore an heirloom ring belonging to her maternal grandmother. Her bridal bouquet was a cascade of white stephanotis centered with white carnations.

Mrs. Richardson, mother of the bride, wore a charcoal gray dress accented with deep aqua accessories and an aqua corsage. For her attire, the mother of the bridegroom, Mrs. White, chose a blue linen dress with navy accessories and a light blue corsage.

Immediately following the ceremony, the newly wed couple was honored with a reception in the home of the bride's parents. The bride's table was laid with a lace cloth centered with blue and pink flowers and flanked with candles. Mrs. Lou Ella Myers from Quail served the wedding cake, and Mrs. Grace Stambaugh of Chester, Okla., presided at the punch bowl.

For the wedding trip, the bride chose a pale blue, fitted suit with navy and pale blue accessories. Her corsage was taken from the bridal bouquet.

Mrs. White is a May graduate of Clarendon High School and has recently completed a semester at WT. The bridegroom is a 1955 graduate of Lelia Lake High School.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS
OF THE 18TH CONGRESSIONAL DISTRICT

The Rogers family really traveled across America when we came home. You could almost call it an all-American trip, all things considered. Our plans were all set to leave at 8 a. m., and we left on schedule at 12 noon.

We headed northwest through Maryland and into Pennsylvania then turned due west into Ohio. Everything went fine until we reached Washington, Pa., and found out all of the motels were full, that is all but one, which was the last one in town.

I don't know how we do it, but we have never had to sleep in the ditch yet. Washington, Pa., is an old town. Some of the people out here in our country think we have some narrow streets.

Well, to really appreciate ours, all you need do is to drive around one of the old Eastern towns. Many of the streets are paved with cobble stones, and it is just like riding on a corduroy highway—shakes your teeth out.

You can also appreciate natural gas when you see the soot covered buildings. They were cleaning the statue on top of the court house at Washington, Pa., and it was a brilliant gold sitting atop what looked like a pile of coal the rest of the court house was so black.

We headed west the next morning through Ohio and into Indiana. The crops were wonderful, and I never saw so much corn in my life. It is going to be a record breaker.

Too bad we couldn't eat it then. We had more trouble trying to find a place to eat from Zanesville, Ohio, west. Some of you enterprising restaurateurs look that over.

They sure need some good eating places all along Highway 40 clear into St. Louis. Part of the road through Ohio is divided into four lanes, and most of it through Indiana is the same. The highway goes right through the center of the main cities.

I have never been able to understand why highways in the Midwest and East all go right through the towns, while out in this country where the traffic isn't nearly so heavy, millions of dollars are spent to by-pass every little community. Seems rather foolish to cut our towns out completely.

We spent the night about 30 miles east of Indianapolis in an excellent motel. When we got settled, the smallest boy and I decided to drive into the small town and get a few snacks for the children while we were waiting for supper. It was about five miles.

As we were driving along, the boy said to me, "Daddy, do they raise camels in Indiana." I said, "Well, I wouldn't think so." He said, "Well, there's some out in that field." I looked up and sure enough four big camels were out in a road side pasture, eating hay.

My first thought was that some farmer had really gone into the diversified field in earnest. It turned out, however, that the animals were circus camels. So, as far as I now know, Indiana doesn't yet raise this type of animal.

The next night we spent in Rolla, Mo., which is a town that has been cut completely off the highway. If you are going to spend the night there, you must intend to, nothing accidental about it.

The roads through Illinois were not good, but they got much better in Missouri until we neared Oklahoma. The roads narrowed down and traffic was heavy, but they are working on them and will have them in good shape before long.

Tulsa was our stop, and we found it growing like most of our West Texas towns. We used the Turner Turnpike to Oklahoma City, then Highway 66 to Elk City where we turned across through Sweetwater and Wheeler. These roads were all in excellent shape.

You can sure tell Texas highways when you hit them.

They are all in fine shape. The children were sure glad to get home. They haven't stopped

Seed Tag Laws Protect Farmers

COLLEGE STATION—Read the label or tag which is attached to every sack of planting seed before making a purchase, advises Associate Extension Agronomist Lee C. Coffey. The information carried on the tag is for the protection of the buyer and must list the content of noxious weeds if any.

With the small grain planting season at hand, the specialist offers tips which may aid in keeping your farm free of weed enemies.

Among the weeds often found in small grains are cheat or chess, jointed goatgrass, wild morning glory, field bindweed, curled dock, Johnson grass and wild oats.

Once a field is infested with primary noxious weeds, the job of cleaning up may require years and considerable expense. Crop damage results from lower yields and perhaps dockage because of the presence of some weed or from soil made unproductive through the use of chemicals for control.

Coffey says much of the trouble can be avoided by planting certified seed. They are not only pure as to variety but must be free of noxious weeds.

Under Texas laws every sack of planting seed sold, whether certified or not, must be tagged or labeled. The tag carries information which should be read. The State Department of Agriculture administers the seed laws of the state and make a diligent effort to protect the buyers of seeds by testing and inspection programs.

Planting seed containing nutgrass or field bindweed cannot be sold in Texas. Neither can seed containing more than 100 dodder, curled dock, blueweed, Canada thistle or Johnson grass seeds per pound of seed. Seed containing more than 100 Johnson grass seeds per pound can be sold if marked—pasture mixture.

Read the tag before you buy, advises Coffey, and especially check for noxious weeds in planting seed.

Every good boxer has a one-two punch. But the really outstanding ones have a three-four-five and six.

Brother and Sister Given Birthday Party

Lowann and Gaylon Sparkman celebrated their birthdays Aug. 24 with a party given by their mother, Mrs. Glen Sparkman, of 1904 8th Ave.

Lowann, who was eight, had a yellow cake with pink decorations and Gaylon, five, had a chocolate cake trimmed with yellow. Guests enjoyed refreshments of ice cream, cake, and punch.

Friends attending the party were Rieke Sogree, Mackie Bosley, Kenzie, Kathy, and Kari Pettitt, Janie Fisher, Jimmie and Sidney Byrnes, Judy and Patti Walker, Patsy Morgan, Gail Stevens, Guydall Wilkins and Linda and Neal Hughes.

Wichita, Triumph Not on Bad List

Due to a typographical error, the Canyon News last week listed Pawnee, Wichita and Triumph wheat strains as "poor" grades, and therefore on the Department of Agriculture blacklist.

The strains should have been listed as "fair" from a milling standpoint. County Agent John Brazzil said two of the varieties, Triumph and Wichita, are important strains in the county.

Use of the varieties by farmers will not subject the harvested wheat to the 20 per cent penalty put on the strains on the blacklist.

Castor Beans Drop Value of Feed

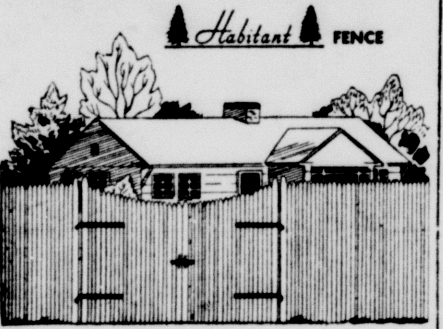

COLLEGE STATION—Grain producers and handlers are warned that any food or feed grains contaminated with castor beans or pieces of beans will be graded sample grade with a corresponding drop in value.

During the past few weeks several carloads of grain sorghum coming from areas where castor beans have been grown have been given the sample grade.

Spears has been told by W. J. Funchess, Federal grain supervisor for the USDA's Galveston District, that grain inspectors have very definite instructions on grading such contaminated lots of grain.

Their instructions are... "If a lot of grain contains castor beans or pieces of castor beans then the lot should be graded sample grade." Funchess stated further that an inspector or supervisor would need only to be assured of the presence of the castor beans or pieces to down-grade the lot of grain.

Castor beans contain a deadly poisonous protein and a very potent allergen.

Spears says the alkaloid poison is known as ricin and is found not only in the beans but also in the stems and leaves of the castor bean plant. Therefore, none of the plant should be allowed to contaminate feed or food grains.

Ridding fields of volunteer plants does not usually present a serious problem since the plants are easily killed by cultural methods. But if plants are present in a grain sorghum field, they should be removed from the field before the crop is harvested, says the agronomist.

Furthermore, he says, all combines, storage facilities and other equipment used in handling castor beans should be thoroughly cleaned before being used in connection with grain harvesting.

Methods, he adds, have been developed for detecting the presence of castor bean plant material in ground feeds as well as the whole grain.

Mrs. Bourland Feted On Birthday Sunday

Celebrating her 74th birthday Sunday, Aug. 21, was Mrs. G. B. Bourland.

In honor of Mrs. Bourland, the Kings Daughters Sunday School class of the First Baptist Church had the lesson in her home. Mrs. R. T. Bowman taught the class.

Present were Mrs. Jettie Jones, Mrs. T. T. Fain, Mrs. A. B. Russell, Mrs. S. B. McClure, Mrs. W. A. Black, Mrs. I. M. Steen, Mrs. R. A. Henson, Mrs. Addie Hefner, Mrs. Marshall, Mrs. Mary Burtz, Mrs. W. F. Barnard and Mrs. G. B. Combs.

Visitors were Mrs. Ethel Preslar, Mrs. Grant White and Carol and Nancy White of Dumas, and Mrs. W. T. Canada, and Mrs. Joe A. Gibson.

The class presented Mrs. Bourland with a pot plant and card shower. Lemonade and cookies were served.

By buying larger beef cuts like the standing 10-inch rib roast weighing six to eight pounds, the average family can get three complete, yet different meals. The Texas Beef Council recommends having the butcher remove several rib steaks for a broiled dinner one night; and the rib-ends for short-rib braising another. The remaining cut makes a delicious roast, adequate for four persons.

FASHION LETS HISTORY GO TO HER HEAD—Influence of dress still worn in the Holy Land is seen in the hat pictured at left, which is reminiscent of headdress of Biblical times. Recently modeled in Rome, Italy, it is fashioned of alternate bands of pale blue and dark red velvet. At right, medieval influence is apparent in this new pillbox crown with long mantle, now being shown in New York City. Of heavy mauve pink satin, it is trimmed with rhinestones, pearls and small white beads.

Family Reunion Held At Roadside Park

A family reunion was held Saturday to honor Dr. and Mrs. H. P. Slagle of Kingsport, Tenn. and Mrs. E. I. Boyce Sr. of Midland. They were greeted by their nieces and nephew at the Roadside Park.

Those attending were: Jimmie Taylor and Bob Baker of Kingsport, Tenn.; Mr. and Mrs. Ira Scott and family, Hereford; Mr. and Mrs. Paul Johnson and family, Skidmore; Pattie Wallen, Harrison, Ark.; Mr. and Mrs. R. E. Boyce and family, Panhandle.

Mrs. Flake Thurman and children, Mrs. Reed Nichols and children and Mrs. John A. Smith and children of Amarillo; Mr. and Mrs. E. I. Boyce, Midland; and Mrs. Jimmie Montgomery and son, Alberta Brown, Mrs. Ben Priddy, Mrs. Jack Priddy and children, and Mr. and Mrs. Bill Patke and daughter, all of Canyon.

September Foods Listing Large

COLLEGE STATION—Grocery shoppers should find the USDA's plentiful foods list for September to their liking for it is a long one.

Pork, beef, broilers and fryers head the list of meats, according to Mae Belle Smith, extension specialist in consumer education. Also included are grapes, rice and fresh Italian prunes, a newcomer, but expected to be bountiful since production for the year has been heavy.

Potatoes, pinto beans, fresh and processed lemons and limes and canned grapefruit sections are all in heavier supply than a year ago. Milk and other dairy products such as cheese, butter and nonfat milk solids will continue to be abundant because of the relatively high level of milk production in July.

Vegetable fats and oils and lard along with canned tuna also will remain in heavy supply, says Miss Smith. She says the monthly list is

based on a survey of supplies of foods in the major trade territories of the southwest area and is made by the area food distribution of the USDA's Agricultural Marketing Service.

"My ELECTRIC FOOD FREEZER gives me substantial savings plus top quality!"

says **MRS. HERB GRIFFITHS**
1500 AVENUE F
MULESHOE, TEXAS

"But, that's not all! I save time because I can buy foods in larger quantities eliminating 'those little trips' to the grocery store," Mrs. Griffiths adds.

Many homemakers, through personal experience, are firmly convinced that a food freezer pays for itself through reduced food bills as Mrs. Griffiths suggests.

You too can save money and time and get the big plus of top food quality when you own an electric food freezer. Why wait? See your Reddy Kilowatt dealer, now!

"We purchase meats for our family of four in large quantities, and the freezer saves us money at the same time that it lets us enjoy top quality cuts of meat."

"Our son, Prentice, who is now three, was stricken with polio in 1953, and for several months was on a diet which included lots of lean meat. Our food freezer really came in handy during that time."

"My husband, Herb, and I enjoy outdoor cooking during the summer months, and our freezer is just right for keeping the cuts of meat we enjoy."

always use something from our freezer in entertaining friends, and I avoid any last-minute rush before the guests arrive."

"The children enjoy the frozen desserts and between meal snacks which our freezer keeps ready for them at a moment's notice."

A freezer fits into pleasant living — as you can see from Mrs. Griffiths' enjoyment of hers. Why not make meal planning a pleasure at your home. A food freezer will help.
